

Misunderstanding with Rudy Rochman and his Colleagues

Good morning, our religious jewish organisation is writing to the nigerian government this morning because of an arrest made that was a simple misunderstanding, and that the suspect was absolutely innocent. On Friday of last week, three israeli documentarians were imprisoned for trying to do a documentary on the Jewish people in Nigeria.

This was subsequently viewed as a threat, however, we affirm that this was in fact not a threat, and that the latter was not trying to interfere with the political views in the country, but was rather trying to raise awareness of the jews that live in nigeria, and show their lifestyle with their ethnic background in a different country.

Based on this, which we assure you is true, and can be verified with his previous works, which can be found on youtube, we ask that he be released from prison, and kicked out of the country immediately.

We also ask that he be released and kicked out with 2 of his other colleagues, who were in obvious affiliation with him and are as innocent as the latter.

We apologize on behalf of Rudy and his team for the misunderstanding, and we hope that he will be released as soon as possible.

Sincerely, Beezrat HaShem Inc.
